

Specialized program in criminalized sexual behaviour

🕒 20 WEEKS: 16 GROUP MEETINGS AND 4 INDIVIDUAL MEETINGS

📍 5885 CH. DE LA CÔTE-DES-NEIGES, MONTRÉAL

Eligible clients:

- Those who have engaged in problematic sexual behaviors, with or without accusations, and who acknowledge their actions at least minimally.
- Individuals with an Autism Spectrum Disorder (ASD) or mild Intellectual Disability (ID), as well as individuals with a stabilized mental health issue, are also eligible (to be confirmed during the initial individual assessment).

The group sessions will encourage participants to reflect on and identify the factors that influenced their criminal behaviour. The topics discussed during these sessions will also be explored further during individual meetings, allowing for personalized follow-up for each participant. Throughout the process, participants will also be guided to develop and implement strategies to reduce the risk of recurrence. At the end of the program, participants have the option of continuing with psychotherapy according to their motivation and needs.
